

Vision

To empower and transform community with innovative social and affordable homes for low income people and households in our region.

Goals

To develop and enhance social and affordable housing in our community, supporting aspiring low-income people and households who may not otherwise benefit from a stable home.

To improve the social, emotional and physical environments of people and households we work alongside by providing them with affordable, warm, secure and suitable homes.

To develop and enhance national and regional partnerships across social, commercial and community sectors to deliver smart, efficient and affordable homes.

To provide affordable home ownership and rental models that are financially sustainable.

Values

- | | |
|-------------|--|
| Welcoming | We welcome the diversity of culture, experience and faith perspectives that make up our communities and are willing to work with all people and households who aspire to obtain a stable home. |
| Generosity | We are committed to sharing our care, skills and resources to serve, nurture, restore and to encouraging all those we work and partner with to do the same. |
| Partnership | We are committed to using the resources entrusted to us in good faith; building community through sustainable partnerships and acting responsibly for the benefit of the people we work alongside. |
| Restoration | We are committed to the beauty of restoration; seeing stability restored in people's lives, relationships restored and houses restored to being suitable homes |
